Ai-Ais Resort Renovations

Windhoek, 28 October 2022– In the past few weeks, Namibia Wildlife Resorts (**NWR**) has been receiving numerous enquiries pertaining to the current renovations being undertaken at most of its resorts. It is with this background that NWR would like to sensitise its visitors and tour operators about the current state of Ai-Ais.

Due to the popularity of most of Ai-Ais, NWR saw the need to renovate the resort in order to bring it on par with our other establishments. Work will include the outside pool and the entire campsite area. We had hoped that the much-needed renovations would cause the least amount of discomfort to our clients but unfortunately, some areas will need to be cordoned off.

Work has started and will be completed by **20 December 2022**. We would therefore appreciate your patience and understanding during this time as we work on providing you with the service you have come to expect from NWR.
