

## From the desk of Dr. André Schulz

Dear Esteemed Business Partner,

As more countries begin to relax their travel restrictions, we are seeing an increased demand of people yearning to travel, relax and explore. Today, I would like to provide you with some exciting developments within the Lufthansa Group and our industry.

With the touristic segment showing a significant increase in demand, the airlines of the Lufthansa Group are offering an extensive variety of leisure destinations this summer 2021. As from 24 July 2021 our new leisure airline, **Eurowings Discover** will launch a twice weekly flight service from Frankfurt to **Mombasa**, with onward flights to the dream island of **Zanzibar**.

Thanks to a positive market reaction and booking trend, today I am delighted to inform you that as from June 2022, **Eurowings Discover** will expand our East African network by increasing this service from Frankfurt to **Mombasa** to four times per week. Along with this increased frequency, we are able to expand our destination portfolio, by adding a double weekly tag flight from Mombasa to **Kilimanjaro**, whilst continuing our double weekly tag flights from Mombasa to **Zanzibar**.
