NWR ANNOUNCES MAJOR RENOVATIONS AT MOST OF ITS RESORTS

- NWR announces refurbishments at most of its resorts
- N\$ 16 million budget has been set aside for the renovations.

21 June 2022- Namibia Wildlife Resorts Limited (NWR) today announced the commencement of major renovations across most of its resorts that will see a cash spend of N\$ 16 million.

“The biggest challenge for Namibia Wildlife Resorts has been its aging infrastructure. Most of our customer complaints were more on our aging infrastructure. We needed to craft plans that will allow us to revitalise our assets after the halt on all expenditure as result of the impact of COVID on our cash resources. This new chapter will allow us to offer a return to a high standard of look and experience across most if not all our resorts” Nelson Ashipala, the Manager for Corporate Communications said.

“Some of the resorts such as Okaukuejo are already complete with renovations. Major work will mostly be carried out at Onkoshi and Sossuss Dune Lodge where decks and roofing types will completely be changed” Ashipala further said.

NWR would hereby also like to inform their guests for patience as most of the resorts will be busy with construction work. Some of the resorts still to be refurbished are Onkoshi, Ai –Ais, Waterberg Sossus Dune Lodge and Hardap Dam Resort.
