FlyWestair launches two new routes to north-eastern Namibia, with the introduction of flights between their hub at Eros Airport Windhoek and Rundu, as well as Katima Mulilo

FlyWestair is proud to announce the addition of two new destinations to their flight schedule - Rundu and Katima Mulilo. Departing from Eros Airport in Windhoek, the incorporation of these new scheduled routes will connect Namibians and visitors between the capital and the north-eastern regions and beyond.

FlyWestair's domestic flight schedule, offers five (5) weekly flights between Eros Airport in Windhoek and Andimba Toivo Ya Toivo Airport in Ondangwa. We will offer two weekly flights service between Rundu and Windhoek as of 24th of August 2021. As well as three weekly flights between Katima Mulilo and Windhoek starting 25th August 2021.

These destinations are integral hubs for so many of our nation's north-eastern denizens. FlyWestair would like to continue our pledge to support and connect Namibians, Katima Mulilo, the capital of the Zambezi Region, is an important gateway to other SADC nations, notably Zambia, Zimbabwe, and Botswana. Not only will the introduction of these two destinations help relieve the weight of travel for those who live there and conduct business, but it will also support our crucial, currently downtrodden tourism industry. The introduction of Katima and Rundu is set to ease travel for visitors to Namibia who would like to include the Kavango and Zambezi regions in their itinerary, but do not have sufficient days in their schedule for the long drives. It's about time to connect!
