Dear Esteemed Clients, Partners in Travel, Tour Operators & Booking Agents, Ladies & Gentlemen,

The Caprivi Collection Brand has been synonymous with Lianshulu Lodge, Bush Lodge & Susuwe Island Lodge for the past 15 years. Lianshulu Lodge, the flagship of the brand is indeed the oldest lodge in the Zambezi Region and has a rich history. The Lodges under the Caprivi Collection Brand, as is well known in the industry, were owner managed by Reinhardt & Anette Küsters over these years and have, thanks to the support of the industry, been able to develop the brand over the years to a trusted and well-respected entity.

Challenges have been experienced and obstacles have been endured and overcome, especially the COVID Pandemic but thanks to the support of the industry, we have everything to be thankful for. Changes for the sake of the wellbeing of the lodges and in order to continue providing an unforgettable experience to its guests, are inevitable and our lodges are not precluded from that in order to remain competitive in an ever demanding and forever changing market for which reason, the decision was to search for an able successor who would be able to continue and improve on the product for considerable years to come.

Therefore, after lengthy negotiations that spanned over a period of four years, we have identified Na'ankuse Eco Tourism Collection under the leadership of Dr. Rudie Van Vuuren as the worthy contender, with whom we have entered into a Deed of Sale for the lodges earlier this year.
